(JUST KIDDING YOU WILL BUT IT'LL BE WORTH IT)

I find myself in a desert containing
>A chest filled with dust and redstone...
I start to create

>Machines and contraptions,
But still I remain all alone...

I sit alone, in bed but do nothing,
>I'm crying, "God, I'm so lonely!"
And I tried to hold this demon inside but,
>The red sun just won't let me sleep...<p>

I captured Jin and Barney...
>All that's left are their bones...
Sky's questioning my reasons,

>But little does he know...<p>

And both my friends cried out,
>"Please Ross, you're scaring me!"
I can hear their screams of agony!
>Can't listen; they'll just abandon me!
I am in control!

I paced around for ages on empty,

>The red sun's heat kept beating down...
And I couldn't stand the cage that contained me,
>Now it's time for a second round...<p>

Max, Okward, even Shelby...
>Have joined me in this show...
I'm seeing strange delusions...

>Do I still have a soul?<p>

And all my friends cried out,
>"Please Ross, you're scaring me!"
All these deaths, they're weighing down on me!
>Can't change now, can't take back anything!
Am I in control?

I'm well acquainted
>With the sun that will never set...
It tells me to kill friends

>So I won't be lonely again...<p>

And I've grown familiar
>With Sky who blames me for their deaths...
He offers redemption;

>I'll reset and save all my friends...<p>

I've murdered everybody...
>I know I must atone...
I'll sacrifice my freedom...
>I'll go through the left door!<p>

And both my friends cried out,
>"Please Ross, you're scaring me!"
I can hear their screams of agony!
>Can't listen; they'll just abandon me!
I am in control!

And all my friends cried out,
>"Please Ross, you're scaring me!"
All these deaths, they're weighing down on me!
>Can't change now, can't take back anything!<p>

...Am I in control...?
